

# KansABA

Presents an upcoming online CEU workshop  
***Diversity, Equity, & Inclusion: Values and Action Aligned***

Presented by:  
**Adrienne Bradley M.Ed., BCBA &  
Nasiah Cirincione-Ulezi Ed.D., BCBA, LBA**

**Sunday, March 14th, 2021, 1:00 – 4:00pm CST**

**Description:** In 2020 the field of behavior analysis was met with unprecedented challenges. Across all levels and positions, there was a call to action for practitioners in the field of behavior analysis to address issues around racial injustice and a global pandemic. These challenges have served as an impetus for stakeholders in the field of behavior analysis to identify their own values related to diversity, equity, and inclusion, and to create actionable steps in service of and towards those values. During this 3-hour workshop using an ACT framework, Dr. Cirincione-Ulezi and Adrienne Bradley will provide participants with practical and effective tools for identifying their personal values related to diversity, equity and inclusion and for exploring actionable steps in service of and aligned with their values.

We are proud to offer attendance **free of charge for KansABA members**, or for \$25 for nonmembers. Three Type 2 CEUs will be available for purchase for \$30 total for both members and nonmembers.
